

PRODUCT LIST 2017

1. PROFESSIONAL KITCHEN WORKTABLES
2. OTHER TABLES AND STANDS
3. DISHWASHING EQUIPMENT
- 4. SHELVES AND CUPBOARDS**
5. TROLLEYS
6. EXHAUST HOODS
7. BAR EQUIPMENT
8. SERVING LINE EQUIPMENT
9. COOLING COUNTERS AND HEATED EQUIPMENT
10. MODULAR TABLES

YOUR RELIABLE PARTNER

Novameta is the largest and most advanced manufacturer of stainless steel commercial kitchen equipment in Baltic and Scandinavian countries. Extensive 16-year experience, attention to details along with an innovative mindset are the key factors which have enabled Novameta to establish trust in 18 markets throughout Europe.

A wide range of hot, cold and neutral standard equipment, precisely engineered and crafted non-standard products combined with a short, typically 2-4 week lead time is what makes us stand out of the crowd. What is more, our experienced team is all set to provide professional support and technical advice, enabling our clients to turn their ideas to tailor made turnkey solutions.

All of our products are marketed through a professional network of distributors throughout Europe. We are proud to provide an all-round assistance to our dealers, helping them to excel in the things they do best - planning, taking care of supply, installation and service to fulfil the needs of catering, bakery and retail industries.

Our main objectives are to maintain solid positions in Europe through sustaining partnership relationships with our clients, whilst at the same time expanding into new markets worldwide. Experienced and ambitious sales team, application of up-to-date 3D CAD software in our in-house design department, employment of latest production technologies and LEAN quality management based on ISO 9001:2000 standard, have determined the rapid expansion of our sales markets and therefore the consequent quick growth of the company.

Currently, over 165 employees work in the enterprise and the production area covers 5000 m². Novameta manufactures over 180 different items every day, more than 1000 projects yearly!

STANDARD FEATURES

HEAVY DUTY WELDED CONSTRUCTION

Adjustable hard plastic feet
(amplitude 30 mm +25/-5)

Welded frame
Legs made of stainless steel tube 25 x 25 mm
Max loading 120 kg/shelf (uniform layout)

Shelf made with reinforcement profile

OPTIONAL FEATURES

Set of galvanized wheels Ø125 mm,
2 pcs with brakes

Code: A-ST-RC125

Set of stainless steel wheels Ø125mm,
2 pcs with brakes

Code: A-ST-RN125

Additional shelf

Code: STL5

Customised layout of shelves

Code: A-ST-PE

Side panel

Code: A-STU-K (left)
A-STU-D (right)

Rear panel

Code: A-STU-G
Note: 2 parts from 1600 mm

OPTIONAL FEATURES

Additional shelf

Code: SRL5

Lower shelving unit (height 1600 mm)

Code: H=1600

MODULAR SHELVING UNIT WITH REMOVABLE STAINLESS STEEL PLATE SHELVES

Comes flat packed

STANDARD FEATURES

EASY TO ASSEMBLE

Adjustable hard plastic feet (amplitude 30 mm +20/-10)

Legs made of stainless steel tube 30 x 30 mm
Max loading 30 kg/shelf (uniform layout)

f Different dimensions and configurations are available on request. Examples on page 4.50.

TERMS AND CONDITIONS

NOVAMETA STANDARD TERMS

Applicability

These Standard Terms ("Terms") apply to all products supplied directly by Novameta to its distributors.

Validity of quotations

Quotations are valid for 90 days unless otherwise explicitly stated in the individual quotation. Not responsible for misprints.

Delivery terms

Provided in the proforma invoice.
In case of ex-works (INCOTERMS 2010) Novameta shall not be liable for delays and the distributor shall not be permitted to terminate the purchase due to delays unless agreed to in writing.

Payment terms

Provided in the proforma invoice.
If a higher credit limit is necessary, security is mandatory. Novameta may reduce a credit limit at any time if considered appropriate by Novameta.

Storage terms

Provided in the proforma invoice.

Retention of Title

Novameta shall retain title in all products and components sold to the distributor until the distributor has paid for the products in full (including transportation and packaging costs).

Warranty terms

Novameta provides a Manufacturer's warranty for all of the equipment against defects in materials and workmanship for a period of 1 year from the date of invoicing of the defective product or component to the distributor. Manufacturer undertakes to replace all inferior parts to proper quality parts or materials. In case of a fault, a properly filled claim is required and must contain all essential information relative to the fault. Faulty parts shall be returned to Manufacturer for further inspection.

Extended warranty

The extended warranty is solely applicable to certain equipment (indicated in the price list). The extended warranty costs extra of the item's list price. Standard warranty terms apply.

Warranty exclusions and limitations of liability

The warranty in these Terms shall be the distributor's exclusive remedy for defective products and components towards Novameta. Novameta shall not be liable for any costs, expenses, losses or claims (whether direct, indirect, consequential or otherwise) relating to defective products or components unless otherwise explicitly stated herein or agreed in writing. Any expenses in connection with the installation or costs of making adjustments (including service procedures, travel time costs) on the equipment to comply with the supply at the point of installation are not covered by this warranty.
The producer does not take any responsibility for damages that occur due to ignorance of cautions, improper maintenance or mechanical damages of the unit, including those, caused during the delivery. This warranty is not effective if damage occurs from improper installation, misuse, incorrect voltage supply, wear and tear from normal usage, accidental breakage, damage or if the equipment is operated contrary to the user instructions. The warranty does not cover if the damage occurs due to natural disasters, fire, if repair service was made by unauthorized person.
In case of a failure not covered by the warranty, we provide a possibility to purchase spare parts.

NOVAMETA STANDARD TERMS

Procedure for repair or replacement under the warranty

The distributor shall, at its own costs, make all reasonable attempts to repair any defective component or product.

If such repair is not possible for the distributor, the distributor shall contact Novameta in writing immediately (within 3 working days) upon suspicion of any defects that may be covered by the warranty. If Novameta is not contacted immediately (within 3 working days) in such cases, the distributor shall have no remedies.
Distributor's contact shall include specific information as to the suspected defect the relevant order number and a copy of the relevant invoice.

After timely receipt of the above, Novameta will decide if there is a defect, whether the claim is covered by the warranty, and whether the product or component is to be replaced.

In cases where Novameta decides to replace defective products or components with new ones, the distributor will be billed the full amount for the goods when they are sent. This amount will then be credited when the defective product or components is returned to Novameta and it is established that the defective product or component is covered by the warranty.
With regard to the transport of products and components, Novameta will pay the freight of new or repaired products and components, while the distributor will pay the freight for defective goods that are returned (and any other costs related to the return of the goods). The warranty does not cover expenses of the service procedures performed. Novameta does not provide service.

Unless otherwise agreed in writing, the defective product or component should always be returned to Novameta: Draugystės g. 15D, LT-51227 Kaunas, Lithuania.

Cancellations

If an order cancellation request is made after confirmation of drawing and proforma invoice, adjustments are not possible and production cannot be stopped. In case of cancellation product will be charged in full.

Shipping and packing

Novameta will pack products for shipment in Novameta standard packaging. If the distributor has other requirements as to packing, the distributor shall contact Novameta to make special arrangements.

Delivery recommendations

Upon receipt, inspect units immediately for any shipping damage and notify carrier immediately if damage is found. It must be reported immediately (upon delivery) in writing in the CMR. Otherwise neither the Manufacturer nor the carrier can take responsibility for transport damage. All items are thoroughly inspected and carefully packed before leaving our factory, thus Novameta cannot accept responsibility for any shipping damage, however Novameta will assist in filing a claim.

Liability and Product liability

Novameta shall only be liable for defects and product liability to the extent set out herein (see particularly warranty terms). In addition to the aforesaid all liability is capped at the invoiced price of the defective product. All other liability is hereby excluded.

Choice of law and Venue

These Terms and the cooperation between Novameta and its distributors, including any disputes relating thereto, shall be governed by Lithuanian law.
Any disputes shall be settled before the Lithuanian courts, which shall have exclusive jurisdiction.
