MADE IN SWEDEN

Our products are carefully assembled and tested in our Swedish factory, a stone's throw away from the city centre of Stockholm. This provides us with superior control over selection of materials and components, where we only settle for the very highest standard.

Hot trays made to highlight and elevate the various Epicurean wonders on display.

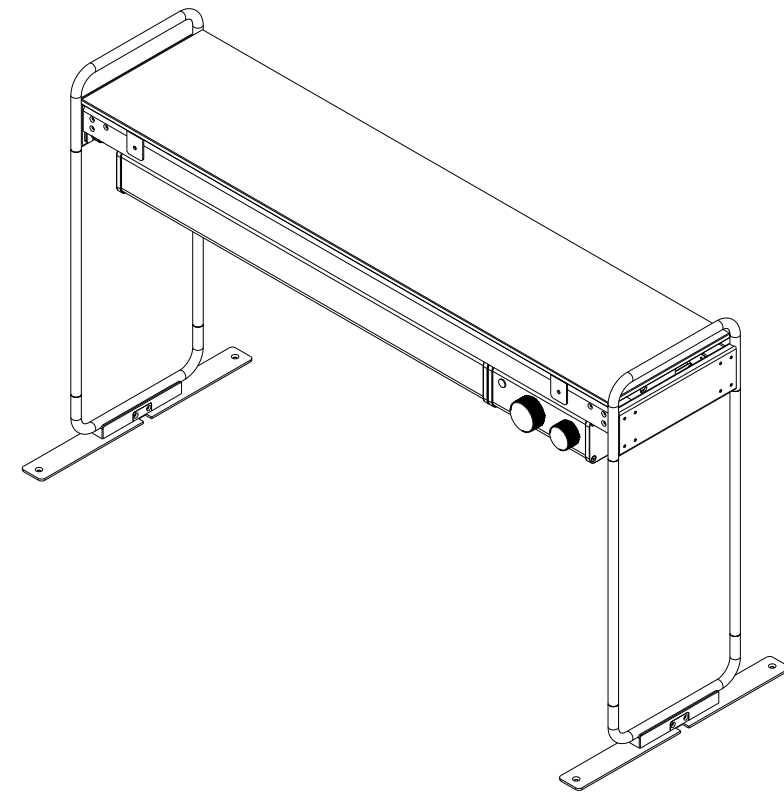

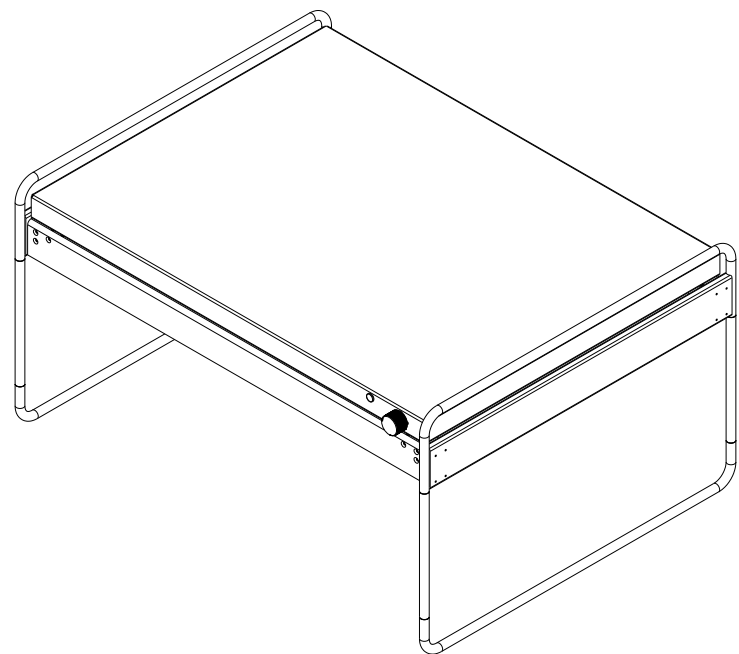

Strip heaters designed for the restaurants of tomorrow. Rigorously engineered and assembled in our Swedish factory.

STAYHOT FOCUS MODULAR SYSTEM 2.0

NEW

The *Stayhot Focus Modular System* comprises a set of thoughtfully designed accessories that integrate seamlessly with our core products. Together, they form bespoke food warming and display stations, taking buffet counters to new heights.
