Printhead cleaner

BIZERBA

Our professional portfolio of care products and cleaning agents offers you the right solution for your industry. This efficient Bizerba printhead cleaner keeps printheads clean for a long time. Hard to reach areas can be cleaned with cleaning swabs. The result is visible: clearly legible texts and barcodes in constant print quality.

More information
High performance with a wide range of solutions and options.

Product description

The Bizerba printhead cleaner prevents the printheads from clogging and ensures a clean print image. The result is perfectly legible texts and barcodes that provide your customers with a high level of product transparency and safety, plus efficient processes at the cash register. Another highlight: Perfectly printed labels raise your image and increase the trust and loyalty of your customers.

Regularly applied, the cleaner prevents the occurrence of mechanical damage, which can result from clogged up printheads. As you clean, you actively protect your investment, increasing the accessibility and sustainability of your printer. The fact that Bizerba Cleaner is certified with the NSF Hygiene Standard C1 Nonfood Compounds means that you can clean your printheads without concern.

Available in four different container sizes
