solutions and options.

Product description

Whether in the produce department or in an online trade distribution center: wherever you need quick and accurate weighing results without receipts, labels or numerous extra functions you are well equipped with the compact electronic scale E3 basic from Bizerba.

Make use of numerous applications within weighing ranges of up to 30 kg with the E3 basic - whether as a checkweigher in the produce department, for stocktaking or when processing online orders.

Process weight data for checking or further processing on your mobile device (tablet, smartphone, handheld device) with your own software or app via Bluetooth®. Even taring and zero setting can be made with the app.

You may also operate the E3 basic independently of the power supply. The optional battery operation gives you the freedom to place the E3 basic wherever you need it.

Highlights

- Bluetooth®
