

Data Sheet

Roller cleaner

BIZERBA

Our professional portfolio of care products and cleaning agents offers you the right solution for your industry. The specially developed Bizerba roller cleaner increases the rollers' grip and reliably ensures smooth printing processes. The result is visible: clearly legible labels or receipts in high print quality.

More information
High performance with a wide range of solutions and options.

Product description

Clean effectively and gently. The Bizerba roller cleaner gives you both. Thanks to this highly-effective formulation, you save time and cleaning agents. Regularly used you increase the performance quality and the service life of your printer. Labels or receipts are easily legible in terms of both text and barcode. You give your customers maximum product transparency and thus avoid complaints. An additional effect: The service life of your printer is increased and the maintenance intervals are reduced. Clean your pressure rollers without concern. The Bizerba product is certified with the NSF Hygiene Standard C1 Nonfood Compounds.

Available in three different container size

Product features

- Special, highly effective formulation for thorough cleaning of pressure rollers, except linerless rollers
- Suitable for Bizerba retail scales of series BCI II, SC II, X-Class, K-Class and M-Class, weigh price labelers as well as comparable third party devices
- Thorough cleaning of pressure rollers for smooth label transport helps prevent potential paper jamming
