

Optional accessories for high adaptability.

1 Stainless steel cabinet

The stainless steel cabinet makes your Citrocasas 8000 into the perfect solution when you need mobility and want to exploit your juicer's pressing capacities to the fullest.

2 Countertop installation kit

With the countertop kit you can integrate your juicer into your counter, which has to be perforated to allow the orange peel to fall into a plastic bucket placed underneath.

3 Bottle dispenser + countertop

Keep your bottles handy with the optional bottle dispenser (for bottle sizes 0.25, 0.33, 0.5 and 1 liter).

4 Glass shelves

Available as 2- or 3-level design. Includes safety glass and stainless steel countertop.

5 Tray Slide

Ideal for self-service and cafeteria-style setup. 81.5 cm x 28.5 cm / 32.1 x 11.2 inches (W x D)

6 Pedestal stainless steel

If you decide to take the Citrocasas 8000 as a tabletop-model we can provide you with a pedestal so you can comfortably place glasses and bottles below the tap.

7 MTS-Retrofitting kit

The MTS (Manual-Transport-System) keeps the sieve clean of pips and pulp without removing it. You can retrofit your normal 8000 models.

8 Pressing kits

Citrocasa offers the opportunity to equip its machines with different pressing kits (= pressing elements + peel ejectors + knife + fruit feeding tube) for small, medium and large citrus fruits (50-90 mm).

9 Shop in shop concept

Modular juice island concept for supermarkets, shopping malls, etc.

10 Crushed ice display cabinet

The crushed ice cabinet is an attractive option to display your pre-filled bottles and keep them cold.

11 Coin System

This additional device can be installed on each of our machines on request.
