

Main features and benefits

Robust worktop
Reinforced top with a rounded front and back edge, sealed at the back to avoid accumulation of dirt.

Condensing unit
Removable on slides for inspection and cleaning.

Slides and racks
Removable AISI 304 stainless steel racks and slides, without the need tools.

Forced air refrigeration
Forced air refrigeration creates a perfect uniform temperature in each compartment and drawer.

Reinforced drawers
Each compartment can be customised with GN1/2 - 1/3 - 2/3, -2°C to +8°C or -15°C to -22°C refrigerated drawers.

Replaceable gaskets with high performance sealing
Triple chamber geometry with innovative D7 compound, which grants 35% higher insulation efficiency than traditional models.

Reinforced base
The modular reinforced base allows installation on castors, feet, a fixed or mobile plinth.

Doors
Reversible self-closing doors with 105° stop. Stainless steel handle, thickness 2 mm.

Other characteristics

Exterior, external back and interior in AISI 304 stainless steel

Internal and external radiused corners easy to clean

CFC/HCFC FREE, insulation thickness: 60 mm

Eco-friendly refrigerant R290 GWP=3

Anti-corrosion painted evaporator

Automatic evaporation of condensing water

Hot gas defrosting (Plug-In), electric (Remote)

Designed to operate efficiently in climate class 5

Soundproofed engine compartment, left or right

Plug-In and Remote versions with open base -2°+8°C e -15°-22°C

Cosmo wi-fi monitor system (optional) and MODBUS-RT connection

Customised finish with RAL colours
