## INCOGNEETO™ Under-Counter Buffet Warmer

### PERFORMANCE

The CookTek® Incogneeto™ is an under-counter buffet warmer designed to mount under natural stone or “engineered” stone countertops – no cutting of the stone is required. The Magneeto™ trivet (one included with purchase) is placed on the countertop and acts as a temperature sensor, communicator, and locator device which allows the efficient heating of any induction-compatible pan through the stone countertop.\*
