### Cleaning kit VarioCookingCenter®

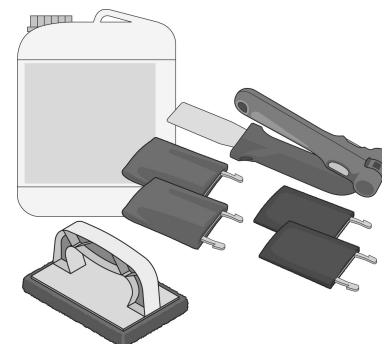

#### Article number:

60.73.920

#### Features:

- Nothing sticks, nothing boils over: Cleaning the VarioCookingCenter® is already unmatched in its speed and there is no longer any need for extended periods of soaking, as is the case for conventional cooking appliances.
- The cleaning set is the optimal solution to care for the VarioCooking Center® To make cleaning the exterior of the VarioCookingCenter® 112T and 112L even easier, the cleaning arm will support you in cleaning even difficult to reach areas between the pan and the operating console.
- The cleaning sponge and the liquid detergent help with the cleaning of the pan:
- For example, after preparing a bolognese sauce, some slight discolouration may remain which is very difficult to remove with simple detergent. This may be harmless from a hygiene perspective, but it does not look appealing. Using the liquid detergent, removing these stains will become child's play. (please read the safety data sheet before use.)
