

## Specifications/data sheets

### Wall suspension model 112T

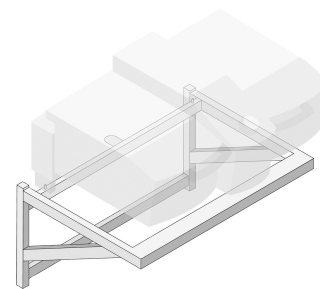

---

**Article number:**

60.73.930

**Features**

- This wall bracket was specially developed for the VarioCookingCenter®. It is attached directly to the wall and the unit placed on it. This gives the user additional storage space underneath the wall bracket. This can be used to place a VarioMobil® (Art. no. 60.73.349), for example.
- In order to benefit from the usual ergonomics, a frame can be placed between the VarioCooking Center® and the wall bracket (Art. no. 60.30.935). This allows the pan to be emptied directly into the pull-out shelves.

**Technical data**

- Material: Steel 1.4301
- Dimensions: 965 mm x 684 mm x 479 mm
- Weight: 14 kg

**Additional accessories**

- 60.30.935 - low level support table model 112T
- 60.73.349 - VarioMobil® 1/1 GN model 112T, 112, 112L
