### Description

- Practical set for Finishing® of plates
- The precooked food plated on plates are completed at the same time on mobile plate racks with Finishing®
- With the Thermocover, food can be parked "hot" for up to 20 minutes - enough time for Finishing® of other mobile plate racks and to transport them to the service station

### Special feature/equipment

- \* Consisting of mobile plate rack, Thermocover and transport trolley (for table-top units)
- \*\* Consisting of mobile plate rack and Thermocover (for standalone units)
