

Technical data sheet

Special bistro detergent

F 420

Liquid, alkaline detergent for hard water use

AREA OF APPLICATION:

- Suitable for professional glasswashers, front loading dishwashers, rack pass-through warewashers, rack conveyor warewashers, flight-type dishwashers and in restaurants, hotels and commercial catering kitchens.
- Suitable for undecorated drinking glasses and other dishes made of glass, porcelain, plastic, stainless steel and aluminium as well as cutlery.
- Effectively removes drinks stains of all kinds as well as lightly dried-on food, coffee and tea stains.
- Effectively removes lipstick and other greasy residues.
- Not suitable for aluminium (even anodised) and light metal alloys.
- Check silver first.
- Especially suitable for hard water.

For optimum washing results, we recommend using this product in Winterhalter warewashing machines in the system with Winterhalter rinse aid B 220 .

DOSAGE:

With automatic dosing equipment, depending on degree of soiling and water quality:

Total hardness in			Hardness range	mg/l CaCO ₃	ml/l
°d	°f	°e			
< 14	< 25	< 17,5	soft medium	< 150	1.6-2.4
> 14	> 25	> 17,5	hard	> 250	3-5

INGREDIENTS:

Alkalis, phosphonates

The balanced composition of ingredients ensures optimum protection of dishes and maximum cleaning performance.

EU Ecolabel: DE/038/018

Using this EU Ecolabelled product according to the dosage instructions will contribute to

- the reduction of water pollution
