Storage conditions	cool, dark, frost-free, up to 25 °C
Weight per tab	approx. 8 g

DISPOSAL OF EMPTY PACKAGING:

- Completely emptied packaging is recyclable and can be disposed of by the end user through the DSD (Duales System Deutschland GmbH).
- Information on disposal of product residues can be found in the corresponding material safety data sheet.

IMPORTANT:

- Not suitable for cleaning dishes!
- Follow the operating instructions of the respective Winterhalter warewasher!
- Product is not intended for the general public. For commercial use only!
- Storage and transport permissible only in original packaging in upright position. Do not expose to direct sunlight and protect from freezing.
- A 15 MC is suitable for use in the food sector.
- Reseal can immediately after removing product.
- Never mix with other products and do not transfer into other containers, such as bottles, which are not intended for this purpose!
- The product is only for use in combination with the self-cleaning programme of the Winterhalter dishwashing machine.

- The washing parameters should be kept in accordance with the DIN guidelines (DIN 10510 to 10512 and DIN 10522). Information of Working Party of Commercial Dishwashing should be kept in mind. In context refer to: **www.akggs.de**
- To ensure that the warewasher functions are durable and reliable, all filters should be cleaned at end of operation after the self-cleaning programme has ended. Leave the machine slightly open so the interior can dry and in order to build up corrosion protection.
- Product's material safety data sheet and technical data sheet are available on **www.winterhalter.biz**.
